First of all, I would like to thank all of you for the effort put forth during this initiative. While there have been frustrations with the process, I believe we have gained some valuable insight into how we will handle these request in the future.

Obviously we are getting close to the end of our time frame. Last date for pickup is Monday 10/27 (we also need to have it shipped by that date). In the event we do not meet our objective for all packings, we need to provide a recap of all the accounts we called on where we were unable to purchase the targeted packings.

I have enclosed a spreadsheet for you to utilize for this recap. Please complete and get back to me as soon as possible. Rather than get multiple spreadsheets from all, I'd like tyhis completed end of business on Monday so I can make one list and pass on to appropriate personnel. This is a VERY important piece of this Initiative and we need to have this done on time.

Thanks so much for your help.

Regards - John
